* The reindeer moss is a natural material that can be dyed in different colours. Because moss is a natural product and because of its presentation (e.g. indoor, outdoor, different lighting and so forth), the actual colours might differ from the images.

** Our „do it yourself“-version Moosgreen Flexible is available in moss green and apple green.
Upon request and for a small additional fee the product can be manufactured in one of the 11 listed special colors.
Please be aware that depending on availability and manufacturing process the delivery time might extend.
