

OVERVIEW 2021

GREENWOOD
MAINTENANCE-FREE MOSS AND PLANT WALLS

GREEN INTERIOR DESIGN FOR WALLS, CEILINGS AND FLOORS

Adding cushion moss mounds, preserved plants and different grasses to Greenwood Moss walls enables you, depending on the variety and density, to create anything from a unique woodland texture right through to a real jungle feel.

In this overview, we'll show you in detail the various modular possibilities available to you for creating your green moss or plant wall. Our products are made of **100% natural moss and plants**. They're produced by hand in Germany and are suitable for **walls, floors** and even **ceilings**.

Choose from the following options:

MOSS WALLS

- p 3 Greenwood Moss
- p 4 Greenwood Moss Extra
- p 5 Greenwood Moss Extra Plus

PLANT WALLS

- p 6 Greenwood Moss Forest
- p 7 Greenwood Moss Jungle

PLANT WALL GREENWOOD MOSS FOREST

For a more lushly planted appearance, we recommend this product:

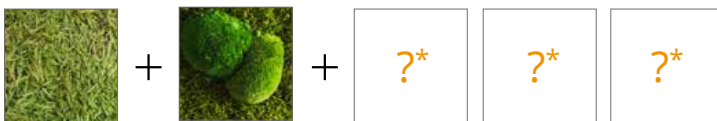

- Forest moss base combined with cushion moss, ferns, grasses and one additional species of preserved plant*

Components:

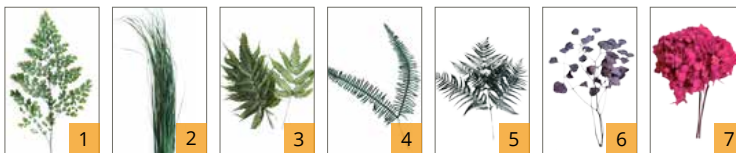

- As an alternative to our standard ferns and grasses, you can choose other ferns, eucalyptus or hydrangea (three varieties).

Components:

*Choose from these preserved plants¹:

(1 - Lutti fern, 2 - Bear grass, 3 - Argyrea fern, 4 - Seagull fern 5 - Bracken, 6 - Eucalyptus, red, 7 - Hydrangeas in pink, blue, orange, yellow, white or green)

¹ Depending on availability, these may vary by season and harvest and may not be guaranteed. Where necessary – following consultation with the client – alternative preserved plants will be used.

PLANT WALL GREENWOOD MOSS JUNGLE

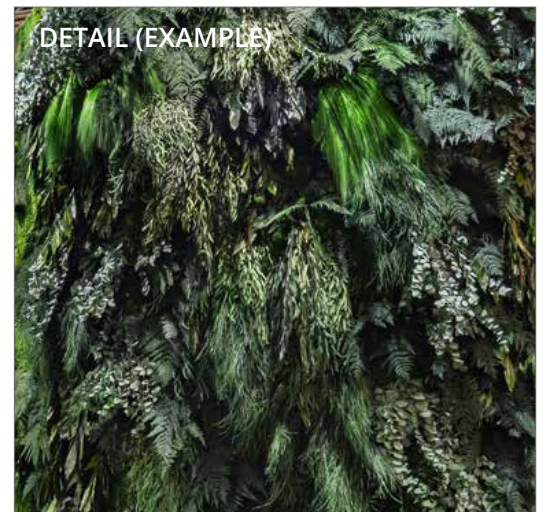

For this product, the moss is luxuriantly interspersed with plants to create a jungle-like appearance:

- Forest moss base with cushion moss, ferns, grasses and two additional preserved plants (total of four varieties)

Components:

- Alternatively (without cushion moss)

***Choose from these preserved plants¹:**

(1 - Lutti fern, 2 - Bear grass, 3 - Argyrea fern, 4 - Seagull fern, 5 - Bracken, 6 - Eucalyptus, red, 7 - Hydrangeas in pink, blue, orange, yellow, white or green, 8 - Baby eucalyptus, blue, 9 - Aralia leaves, 10 - Aspidistra leaves, 11 - Papyrus, 12 - Amaranthus, 13 - Ming fern)

¹⁾ Depending on availability, these may vary by season and harvest and may not be guaranteed. Where necessary – following consultation with the client – alternative preserved plants will be used.
